Summary

A **Design Engineer and Design Systems Specialist** based in the Philippines with over **8 years of experience** designing and developing intuitive, high-performance user interfaces across different platforms. Specializes in building scalable front-end architectures and bridging the gap between design and development through robust design systems. Proven track record of leading design system initiatives across multiple brands, integrating accessibility, performance, and consistency at scale. Adept at turning complex design challenges into elegant solutions through collaborative, user-centered design and development practices.

Skills

HTML, CSS, JavaScript, TypeScript, React, Vue.js, Svelte, GSAP, Drizzle ORM, Prisma, Node.js, PHP, Next.js, Nuxt, SvelteKit, Tailwind CSS, Figma, Web & Mobile Design, Web Development, Design Systems, Problem Solving, Project Management, Agile methodologies, Scrum.

Work Experience

Headphones Inc.

Jan 2025 – Jul 2026

Full Stack Engineer (React, Node.js)

United States (Remote)

- ❖ Rewrote the application in React, NextJS, Node.js, Drizzle ORM, visx, SCSS, and PostgreSQL.
- ❖ Rewrote and developed their in-house headphone measurement visualizer tool, GraphWorks. Used React, Next.js, TypeScript, visx, styled components, Radix UI, PostgreSQL, GraphQL, and Drizzle ORM. First exposure to feature sliced design (FSD).

INM Audio

Aug 2024 – Dec 2024

Full Stack Engineer (React, Node.js)

Bulacan, Philippines (Remote)

- ❖ INM Audio is a custom in-ear monitor manufacturing company based in Bulacan, Philippines. They cater their services from discerning audiophiles all the way to some of the Philippines' top music artists.
- ❖ Created their website and their 3D Custom IEM configurator using React, SCSS, TypeScript, Three.js, Blender, and Resend. Famous for its performance and delightful experience.
- ❖ Eased their ordering process by digitizing the model selection, designing, and order request placement processes.

wearecoral ltd.

Apr 2024 – Jul 2024

Design Engineer

Australia (Remote)

- ❖ Short-term contract work. Wearecoral is a platform for supporting the musicians you listen to on platforms such as Spotify.
- ❖ Designed and implemented conversion pages for the flagship product using Figma, React, and Tailwind CSS.

Dev Protocol

Jul 2022 – Jan 2024

UX Engineer, Design Systems Engineer

Tokyo, Japan (Remote)

- ❖ Collaborated with the internal development team in creating user experiences for current and upcoming Dev Protocol products like stakes.social, Clubs, Initto, etc. using various technologies.
- ❖ Created the Hashi design system and its web implementation using SCSS and Tailwind CSS.
- ❖ Created Clubs UI, a subset design system derived from the Hashi design system.

(Continued in the next page)

GrowStocks

Mar 2018 – Jul 2023

Senior UX Engineer, Design Systems Engineer

Remote

- ❖ Founded and co-created GrowStocks, a companion app for the popular online sandbox MMO game, Growtopia.
- ❖ Collaborated with many passionate players (who also know how to code) in creating a centralized, and reliable price index with histogram and marketplace features.
- ❖ Developed the webapp using PHP (then porting to Laravel in 2020), TypeScript, React, visx (for the price histogram feature), and MySQL.
- ❖ Created the organization's design system Gaia using SCSS.
- ❖ Expanded the userbase to over 10k daily unique users during its peak in 2020.

Pycord

Jan 2022 – Feb 2022

Front-end React Engineer, Design Systems Engineer

United States (Remote)

- ❖ Designed and developed a website for an open-source Discord bot library made in python called Pycord using Next.js (React).
- ❖ Created a mini design system called Pycord UI using SCSS for developing future web-based projects.

Purple Cress Scanlations

Jan 2021 – Jan 2022

Front-end Vue Engineer

Philippines (Remote)

- ❖ Developed a manga (Japanese comics) reading platform for volunteer-made translations of various manga series using VueJS (Nuxt), SCSS, and Firebase.

Education

Mapua University

2022 – 2027

Bachelor of Science in Computer Science – Specializing in Application Development

Makati City, Philippines

- ❖ Joined and was elected officer for the Web Masters' Guild, the school's premiere organization for web development enthusiasts. Also joined the Mapua Makati Music Association.
- ❖ Formerly the UI/UX Lead in the institution's chapter of Google Developer Groups on Campus.

Regional Lead School for the Arts in Angono

2020 – 2022

High School Diploma – Music, Arts and Design

Angono, Rizal, Philippines

- ❖ Joined the Luwal Sining-Pagganap, the school's official performing arts group for senior high school students. We produced works of contemporary performance art using devised performances.
- ❖ Written an academic paper about documenting music with user experience in mind.
- ❖ Developed the school's performing arts group's website and performance platform using PHP, Laravel, and MySQL.
- ❖ Developed an event's virtual invite and online showcase using React, Next.js, and SCSS.
